EAST ENTRANCE & PARKING LOT TO CLOSE FOR 18 MONTHS

Dear Passenger:

Starting Monday, August 18, we must close the east entrance to the Ashby Station as well as the east parking lot so contractors can begin building the new Ed Roberts Campus. The work will take approximately a year and a half to complete.

We are working closely with the Ed Roberts Campus developer and the City of Berkeley to minimize this disruption on your ability to get to the station. Please note the following changes.

Vehicle Parking: We will be offering an attendant assist-parking program in Ashby's west parking lots on weekdays from 7:00 am to 10:00 pm. After the self-park stalls are filled, we will give you the option to leave your vehicles with a professional parking operator who will park your vehicle in parking lot aisles. The existing \$1.00 weekday parking fee will remain in effect. Monthly Reserved permit holders will continue to park in the same designated spaces.

The City of Berkeley will allow extended-hour parking on the west side of Adeline Street between Ashby Avenue and Woolsey Street.

Bicycle Parking: We will relocate bicycle parking that is now on the east side of the station to the west side of the station adjacent to existing bicycle parking.

Passenger Pick-Up and Drop-Off: We will allow you to use the curb area adjacent to the station entrance while actively dropping off and picking up other BART riders.

ABOUT ED ROBERTS CAMPUS

The Ed Roberts Campus will house a group of disability organizations that have joined together to plan and develop a universally designed, transit-oriented campus. The Ed Roberts Campus will house the offices of the collaborating organizations as well as an impressive array of disability-related services and programs, including fully accessible meeting rooms, a computer/media resource center, a fitness center, a café and a child development center – all in a totally accessible location at the Ashby BART Station.

We apologize for any inconvenience and we thank you in advance for your cooperation and patience during this period.

*****STATION AGENTS: Please display until September 30, 2008*****
